

MEET AVRAHAM RUBENSTEIN

35 years old, married with 5 children,
Beitar Illit

Avraham used to work in
an electrical store earning
just 7,000 NIS (\$2000) per
month, with no potential

for advancement. Today, thanks to Kishrei
Kehillot, he is working in a furniture store,
earning an average of 14,500 NIS per month.
"I was stuck in a poorly paid job in an
unsuitable environment, until a friend told me
about KEMACH. The career advisors helped
me through an aptitude assessment process
and sent me to a workshop about finding
employment. They helped me to write my
resume and advised me on interview skills.
Their professionalism and determination to
help me was truly inspiring! Their network of
volunteers helped me find a much better and
more suitable position, so that I can feel proud
to go to work every day."

The KEMACH Foundation was founded in 2007 with
the vision that every Haredi family in Israel should
be able to make a decent living while preserving
their identity.

KEMACH provides effective solutions to increase
the income and welfare of Haredi society in
Israel, through career guidance, scholarships, job
placement, encouragement of entrepreneurship, and
the development of employment leadership.

The KEMACH Foundation is the gateway for Haredi
society in Israel to enter into the world of employment
and education. To date, we have helped over 35,000
individuals, improving not only their lives but also
the lives of their families and communities. Our
impact on Israeli society is increasing year to year.

We are solving one of Israel's most intractable
problems – the poverty of its Haredi communities.

Join the amazing success story that is the KEMACH
Foundation.

CAREER OPPORTUNITIES IN HAREDI COMMUNITIES

Kishrei Kehillot – Making Connections

MAKING CONNECTIONS

At the request of Haredi community leaders all over Israel, the **KEMACH** Foundation provides career counseling, guidance services and vocational training courses to each community, according to its unique characteristics and requirements. Through our Mobile Placement Centers, the **Kishrei Kehillot** program is helping members of even the most insular Haredi communities.

KEMACH works in partnership with local branches of Kupat Ha'ir and local community representatives to help charity recipients find paid employment, with the endorsement of their rabbinical leaders.

EMPLOYMENT NETWORK

The **Kishrei Kehillot** network works with the LeMaaseh organization to collect and share up-to-date information about suitable businesses that are looking to hire Haredi workers and offer an appropriate working environment. The local guidance counsellors then help applicants apply for these jobs and secure employment.

VOCATIONAL TRAINING COURSES

KEMACH runs government-authorized courses to train Kishrei Kehillot clients as Electricians, Construction Safety Inspectors, Security Camera Installers, Carpenters and Engineers. Trainees receive assistance with placement after completing the program, and some receive monthly stipends during the course, based on economic need.

By working within closed religious groups, we help every individual to find a job while adhering to their community's strict guidelines, so they can support their family through respectable employment.

MOBILE PLACEMENT CENTERS

The **Kishrei Kehillot** Mobile Placement Centers are run by 3 regional coordinators who work in 26 Haredi towns around Israel (18 Chassidish and 8 Litvak communities). They not only recruit and train 4-5 volunteers in each community, but they also run workshops on family budgeting in each community. The volunteer counsellors are trained to administer aptitude tests and provide career guidance, to help job seekers decide what work they want to do. Together they build a plan and decide whether they should join a vocational training course or seek employment.
