

MEET MOISHY DEUTCH

20 years old, single, Jerusalem

Moishy is a Breslov Chassid from Jerusalem whose education did not include secular studies. He came to Kivun in February 2018, took our aptitude tests and had interviews with career guidance professionals. He was extremely motivated, joining our Education Completion Program and taking our preparatory courses in Mathematics, English and Computing Skills. We advised him to consider a career in computer programming and helped him get a 90% scholarship from KEMACH for a 6-month course. During the course he worked as a programmer with Quze, one of our Bizmax start-ups. Shortly after graduating, he was hired by one of Israel's leading hi-tech companies as a front-end programmer, earning over 10,000 NIS a month. We hope that within 3 years he will be earning twice that amount!

SUPPORT KIVUN

Support the Kivun Guidance Center in Jerusalem by funding:

INTERNSHIP PROGRAM:

1 participant: \$3,450

50 participants: \$172,000

EDUCATION COMPLETION PROGRAM:

2 participants: \$1,000

80 participants: \$40,000

The KEMACH Foundation was founded in 2007 with the vision that every Haredi family in Israel should be able to make a decent living while preserving their identity.

KEMACH provides effective solutions to increase the income and welfare of Haredi society in Israel, through career guidance, scholarships, job placement, encouragement of entrepreneurship, and the development of employment leadership.

The KEMACH Foundation is the gateway for Haredi society in Israel to enter into the world of employment and education. To date, we have helped over 35,000 individuals, improving not only their lives but also the lives of their families and communities. Our impact on Israeli society is increasing year to year.

We are solving one of Israel's most intractable problems – the poverty of its Haredi communities.

Join the amazing success story that is the KEMACH Foundation.

HELPING JERUSALEM'S HAREDIM INTO EMPLOYMENT

EMPLOYMENT GUIDANCE AND TRAINING

KEMACH set up the Kivun Placement Center in Jerusalem in 2014, in partnership with the Jerusalem Municipality and the Ministry of Labor & Welfare. It is the go-to address for all Haredi men and women seeking gainful employment, helping them to find jobs with real opportunities for advancement and earn respectable salaries.

In just five years, Kivun has provided career guidance to 22,000 individuals – 12,000 men and 10,000 women.

The success of Kivun has inspired other placement centers around the country to follow our lead in breaking down barriers to employment.

KIVUN PLACEMENT CENTER PROGRAMS

INTRODUCTION TO THE JOB MARKET

Kivun recognized the need to help Haredim understand the working world in Israel. Our workshops help them figure out what career would suit them best, and give them the skills to get there (job interview coaching, CV writing, etc.)

INTERNSHIP PROGRAM

Designed to increase the number of Haredim in hi-tech (currently 4%) and endorsed by the government, Kivun's Internship program puts Haredi students on the fast-track to obtaining high-salaried hi-tech jobs by giving them an advantage over other candidates.

KIDUM PROMOTION PROGRAM

An advancement program with up to two years mentoring that helps Haredi men and women who are employed reassess their capabilities and either start a new career or negotiate better pay and conditions.

JOB PLACEMENTS

Kivun's main goal is to put people in jobs. Since we started out, we have found over 14,000 jobs for our clients in more than 600 companies, organizations and government offices.

CAREER & JOB TRAINING FAIRS

Kivun organizes career and job fairs for men and for women, including events for the hi-tech and financial sectors. These events bring employers, schools, and potential employees or students together, to everyone's benefit.

CAREER APTITUDE TESTING & GUIDANCE

Kivun's career experts are trained in assessing the employment potential of each client. After a computerized aptitude test and personal interview, each client receives comprehensive support until they secure a job.

EDUCATION COMPLETION PROGRAMS

Kivun runs courses in basic core education subjects (Math, English and Computer Skills) to bring our clients up to par with other job seekers. These courses help people achieve a high school diploma and prepare them for academic or vocational studies.
